

Our Animal Health division is a trusted global leader in veterinary medicine, dedicated to the health and well-being of animals. We are a global team of professionals working together to make a positive difference in animal care and the world's food supply and have a deep sense of responsibility towards our customers, consumers, animals, society and our planet. We offer one of our industry's most innovative portfolio of products, services and technologies that serve to prevent, treat, and control diseases across all major farm and companion animal species.

Our Manufacturing Operations teams are the people that make our products. We work in the manufacturing plants with a "Safety First, Quality Always" mindset striving for continuous improvement. We work in the local plant connected to our global manufacturing network to ensure the highest quality of raw materials, intermediates and finished products.

For our new production facility in Krems we are looking for a

Specialist Supply Chain Management: Customer Service & Materials Management
