

April 30th, 2026

YGION Biomedical is a Vienna-based innovative and dynamic biomedical company operating at the Vienna Biocenter, a vibrant life science hub. We develop targeted, fully individualized immunotherapies to defeat cancer and improve patient's lives.

We are looking for enthusiastic and highly motivated individuals who are passionate about our mission to join our team as a

Clinical Project Manager (m/f/d)
full-time or part-time (30 h)

with an emphasis on immunology and oncology. You will provide operational expertise to manage and oversee clinical trials conducted in different therapeutic areas.

Your key **tasks** and **responsibilities** will include:

- Prepare and coordinate international clinical trials
- Manage clinical trial preparation and progress, establish and supervise relationships with investigators
- Counsel and guide Clinical Research Associates (CRAs) and Contract Research Organizations (CROs)
- Review trial related documents/reports, plan study budget, timelines and capacities and ensure timely submission to Ethic Committees and Competent Authorities
- Train and lead the trial coordinators and CRAs, supervise monitoring activities and perform co-monitoring visits
- Organize and conduct investigator meetings

Your **profile**:

- Qualification in biological/natural/medical science
- Prior experience in pharmaceutical industry for at least 3-5 years as on-site monitor (CRA) or clinical trial manager; immunology and oncology experience is an asset
- Good knowledge of international and national/regional guidelines and regulatory topics
- Experience in project/trial management as well as leadership potential; excellent analytical, organizational and decision making skills
- Fluency in written and spoken English, and German language skills at B2 level or higher

The successful applicant will be part of a small and very dedicated team involved in exciting projects in the area of cancer immunotherapy. We offer a high degree of flexibility and foster a proactive working style with contribution of your own ideas. This position offers the opportunity for flexible working hours, home office and part-time arrangements.

If you are interested to work with us, please send your application to careers@ygion.bio. Applications will be reviewed on a rolling basis until the position is filled. We are looking to fill this position immediately.

YGION Biomedical is an equal opportunity employer, and we encourage individuals from all backgrounds to apply.

Disclaimer according to Austrian Law: the minimal gross salary is EUR 3,700.00 per month for a full-time position (40 hours per week). Remuneration will be according to experience and performance.
