

Evologic Technologies aims to supply Any Biological at Any Scale, Anywhere by unlocking biologicals through advanced manufacturing technology. Evologic focuses on the Agri Input market, which—outside of pharma—offers an optimal balance of product value and market protection. The growing Agri Input market presents a strong opportunity to capture value with fermentation-based manufacturing technologies.

We are a growing, dedicated, and international team of 30 employees, with research and production centralized at our site in Vienna's 23rd district, easily accessible by public transport. We offer exciting challenges in an innovative and motivated environment with flat hierarchies and fast decision-making.

For our site in Vienna, we are looking for a dedicated:

Production assistant (m/w) – Full time

Evologic's production team is in a need of an independent, result-oriented, and motivated individual that feels comfortable working on repetitive tasks at lab and industrial scale and looks for a long-term engagement. The Production Assistant position entails support in daily manufacturing operations for the fermentation and formulation of microbes, assistance in the execution of experiments and associated analytics, team spirit and a conscientious approach.

Responsibilities:

- Execution, monitoring and support of microbial fermentations and subsequent downstream formulations
 - Monitoring and controlling of critical fermentation parameters
 - Sample preparation & analyses
 - Quality control
- Preparation of equipment and media for industrial production runs
 - Equipment cleaning and sterilization
 - Nutrient media preparation
- Process equipment operation
 - Take into operation and maintenance of industrial equipment (Bioreactors, pumps, pressure vessels, drying equipment)

Requirements:

- Technical, chemical, molecular-biological, biotechnological education or similar (Matura/HTL/Bacc.)
- Independent and accurate work as well as ability to work in a team
- Basic technical understanding of biotechnology and microbial processes is advantageous
- Very good knowledge of German or English
- Willingness to perform repetitive tasks according to SOPs

We are looking forward to receiving your application by mail to jobs@evologic.at. Please note that this is a junior position, and we are looking for individuals with Bachelor degrees as their highest education level.

For legal reasons, we are obliged to point out that the collective agreement minimum salary for this position is € 34,142.00 gross p.a.. The willingness to overpay according to your qualification/experience profile is of course given.
