

Scientific Assistant (m/w/d)

VirusSure is a biotech company specializing in virus & prion safety testing of biopharmaceuticals. We are a GLP/GMP certified control laboratory that offers services in the field of pathogen safety to the bio-pharmaceutical industry. To strengthen our team in Vienna we are looking for a highly motivated person with technical background to support our Molecular Biology Team.

Tasks & Responsibilities:

- Planning and performance of experiments, data analysis, interpretation, and reporting
- Development/Optimization and validation of new qPCR assays for the use in GLP and GMP projects
- Maintenance and continuous improvement of VirusSure Quality Systems (GLP/GMP)
- Strong focus on quality by ensuring GDP compliance
- Reporting to the Head of the Molecular Biology Department
- General routine laboratory activities (reagent preparation, material check-in, cleaning and maintenance)
- Document management of SOPs, records and forms
- Continuous improvement of processes and systems

Your Profile:

- Education in Biotechnology, Biology or related Life Sciences fields
- Independent, accurate and proactive workstyle
- Well organized and strong communication skills
- Experience in the bio-pharmaceutical industry is an advantage
- Experience in working in a GLP/GMP environment is an advantage
- Experience in molecular biology techniques (qPCR, Sanger Sequencing, NGS) is an advantage
- Accuracy and diligence
- Excellent knowledge of English and good IT skills
- Willingness to learn

What we offer:

- Full-time position in an established company with flat hierarchies and short decision-making paths
- A lot of support for personal and professional development and training
- Regular team and company events in a relaxed atmosphere
- Minimum salary 2.600€ gross per month (overpayment dependent on qualification and work experience)

How to apply?

If you are interested in this exciting position, a friendly working environment is important to you and you want to support our team, please send your CV to: Frau Dijana Doknic humanresources@virusure.com
