

We are a research-driven biopharmaceutical company. Our mission is built on the simple premise that if we “follow the science” that great medicines can make a significant impact to our world. We believe that a research-driven enterprise dedicated to world-class science can succeed by inventing medicine and vaccine innovations that make a difference for patients across the globe.

Our Medical Affairs team advances patient care by engaging in scientific exchange with external medical experts and industry professionals ensuring the scientific value of our products is realized. We engage and train internal employees to ensure that they thoroughly comprehend the science behind the medicine and review further unmet medical needs to bolster collaboration and further differentiate our portfolio.

We are continually striving to improve the understanding of health care within the local community. Our site in 1100 Vienna (ICON Tower) is a strategic location for the distribution of our high quality and innovative health care products, as well as digitally integrated solutions for our patients and clients. To ensure sustainable company growth, we continually aim to offer attractive career opportunities for more than 170 employees at our Vienna site. In support of our existing team, we are currently looking for:
